Q: "as usual" phrase "Everyone likes beer as usual", what does the phrase mean? If beer is unusual (as usual) why do we say so? A: To have beer "as usual" would mean to drink beer in the same way one normally would, because it's just a normal part of life for you to have beer. The phrase "as usual" implies that the act of having beer is normal. You might say "I have beer as usual" if you were drinking beer in a strange way that you normally don't. It would also imply that you're drinking more beer than normal. You would never say "I have beer as usual" if you drink beer "as usual." I'm not sure what "everyone likes beer as usual" means. An example is a factory worker in a chocolate factory. They would go to work in the morning, eat a chocolate bar, and go home again after a while. The factory worker would say "I have beer as usual" since he normally would have beer when he came to work. Q: Android webView can't load web page if not in portrait mode I want to implement a webView for my Android app. So I used this simple 82157476af
